Duly Adopted As Annual Rule By Montana Fish & Game Commiselon KEITH L. COLBO, Secretary October 17, 1980

General Regulations

Antlered Buck

An antlered buck is defined as a male deer with antlers which are not less than four (4) inches in length, measured from the top of the skull.

Caliber

There are no caliber limitations. It is prohibited to use any poisonous, explosive, or deleterious substances on or in any arrowhead, bullet or projectile. It is prohibited to use a shotgun to shoot deer except with loads of 0 buck, 00 buck or single ball loads.

Checking Stations

Hunters and fishermen are required to stop at checking stations on their routes of travel to and from hunting and fishing areas.

Evidence of Sex and Species

Hunters taking big game must leave evidence of sex and species attached to the carcass. In addition, hunters taking elk or deer during antlered only seasons must be able to show on demand for inspection the complete head and antlers.

Game Limits

Unless otherwise specified, the limit of big game for each license year shall be one of each species of big game, subject to sex and age specifications as designated on regulations.

Any person who has killed a moose, bighorn sheep, mountain goat or grizzly bear in Montana shall not be eligible to apply for a license for the next succeeding seven years.

Any person who has obtained a moose or bighorn sheep, mountain goat or grizzly bear license but did not take an animal for which such license was issued, shall be eligible to apply for another license in any succeeding year if he returns his unused license to the Fish, Wildlife and Parks Dept. at the time application is made.

Closures

The entire state shall be closed to the hunting of all big game animals except as specified under the numbered district regulations. To ensure a proper harvest of game, seasons may be closed on 12, 24 or 48 hours notice, or if necessary may be reopened.

All state game preserves and state parks and recreation areas shall be closed as posted.

Game Tags

When you have killed your game animal, cut out the proper month and day from the carcass tag and immediately attach tag to the carcass so it remains visible at all times.

Hunting Hours

The Montana Fish and Game Commission has adopted and published sunrise-sunset tables for determining hunting hours by zones within the state. These tables are based on Mountain Standard Time. During any period that Daylight Saving Time is in effect, one (1) hour should be added to time indicated in the tables in order to determine proper hunting hours.

Authorized periods shall be from one-half (½) hour before sunrise until one-half (½) hour after sunset each day of the hunting season.

Hunting Districts

The state has been divided into legally described hunting districts designated by numbers, wherein the limits, season dates, species and sex of game animals which may be taken are specified. These districts are as shown on the enclosed maps published by the Department of Fish, Wildlife and Parks for "Deer, Elk, Bear, Mountain Lion, Antelope, Moose, Bighorn Sheep and Mountain Goat Hunting Regulations" and are more particularly described in that document entitled "Legal Descriptions."

Vehicle Travel Restrictions

Hunters must not drive off established roads or trails except to get big game carcasses that would otherwise be difficult to retrieve, in which case a motor-driven vehicle may be used to retrieve the carcasses, except in areas where more restrictive regulations apply or where the landowner has not granted such permission. Vehicles used to retrieve game must take the shortest possible routes to and from established roads or trails. On federal lands contact the nearest agency office. Certain roads within the national forests are closed to vehicles. For current status of these roads, contact the U.S. Forest Service office.

Ask Permission

Montana law requires that hunters must have obtained permission of the landowners, lessees or their agents before hunting big game animals on private property.

Penalty: Up to $500.00 fine or up to 6 months in the county jail or both and in addition may forfeit the license and privilege to hunt, fish or trap within the state.

Transporting Weapons By Air

Federal Aviation Regulations require that all sporting weapons, including knives and handguns, transported by commercial airlines must be declared and carried unloaded as baggage.
